

Northern Plains Forage Association Annual Meeting & Sponsorship
Jan. 13 & 14, 2027 | Holiday Inn Express, Brandon, SD

Join the Expanded Forage Annual Meeting & Baler School

Thrive in today's tight agricultural market by working smarter. We invite producers, operators, and industry professionals to our expanded event to strengthen your forage business.

Why Attend?

Gain practical strategies to improve efficiency, explore emerging technologies, and build relationships with regional forage professionals.

- Improve efficiency and profitability in your forage operation
- Learn new approaches to forage production, harvest management, and equipment utilization
- Explore opportunities to reduce downtime and improve productivity
- Prepare the next generation of leaders within your business
- Stay informed about industry trends and emerging technologies
- Build relationships with other forage professionals who face the same challenges and opportunities you do

Evening Program: The TJ Steele Story

Enjoy an optional meal and presentation by TJ Steele on engineering solutions and navigating the Texas forage industry. Persevering through changes to taking on new opportunities as the business pivoted.

Day Two: Baler School with TJ Steele

Day two features a Baler School with TJ Steele, focusing on equipment maintenance, repairs, and ROI for square and round balers, mergers, and more.

- Equipment maintenance and preventative care
- Common repairs and troubleshooting techniques
- Making smart equipment purchasing decisions
- Evaluating return on investment for forage equipment
- Managing ownership costs and machine longevity
- Matching equipment to forage systems and operation size

Topics may include:

- Big square balers
- Round balers
- Small square balers
- Mergers
- Tedders
- Mowers and cutting equipment
- Harvest system efficiency and forage quality management
